This year’s Tour of Homes a great success

by Mary Ann Woodard
President of Kimble County Library Board

The 2011 Christmas Tour of Homes sponsored by Kimble County Library Board was a success, in spite of the colder weather and the welcomed moisture. Travel to the homes was a bit more challenging, but 99 people braved the adverse climate and enjoyed the tour.

Debbie and Paul Bierschwale welcomed guests into their warm inviting home that had been made ready for the holidays with a collection of cross stitched and framed Santas, lights and festive decorations stitched and framed Santas, lights and festive decorations on the mantel and above the kitchen cabinets. Each room had an accent of readiness for the Christmas Season. Jade Bierschwale helped conduct the tour of her MeMe’s house. Other hostesses were Betty Craig, Emily Bierschwale, Susie Maddox and Marip Long.

Kathy Ditter’s Dry Hollow Lodge gave the visitors a gorgeous view of the valley below, and with a cheery fire, spacious floor space, and many hunting trophies, it was quite an adventure. The ride up was complicated by the weather and steep grade, but those who waited for their gracious host, Mike Simmons, to ferry them up were glad they did. A special thanks is due Kerry Watson and Johnny Richardson who were the gatekeepers and encouraged the guests to wait for a ride.

Houses at the lodge were Mary Ann Woodward, Dobie Dawson, Janis Kirby, Shirley Goodman, Ann Lemon and Pam Fieldchamp.

Wednesday, December 7, marks the 70th anniversary of the Japanese attack on Pearl Harbor. It is a day of remembrance for many, including Franklin D. Roosevelt, as he addressed a shocked nation. He told his nation, "The United States of America is not and shall not be in this war."

At the time, I can appreciate, even now, the conviction that he shared with his nation. It is a conviction that still holds true today. We are all called to be the hands and feet of Christ, and to make a difference in the world.

In the last days of their lives, President Franklin D. Roosevelt and First Lady Eleanor Roosevelt are pictured in this photograph. It was taken in the Oval Office on April 12, 1945, the day before their departure for Iceland.

The photograph shows President Roosevelt in a wheelchair, with First Lady Eleanor Roosevelt standing beside him. The couple is dressed in formal attire, and the room is decorated with a red and gold color scheme.

The photograph is a poignant reminder of the challenges faced by the Roosevelt family during World War II, and the sacrifices they made for their country.

The story of President Franklin D. Roosevelt and First Lady Eleanor Roosevelt is a testament to the power of love and leadership in times of crisis. It is a story that continues to inspire us today, as we face our own challenges and work towards a better future.

CHRISTMAS AT THE LIBRARY - The Mennonite, a 612 cooling book, led by Charles Wacker and Debbie Boll are putting the final touches on the Mennonite Christmas tree. The tree features all homemade ornaments. In the past, the tree was decorated by Junction Old Scout, who added ornaments each year. There are no more Old Scouts in Junction so the 4-tiers have been taken over. For their contribution to the ornament collection they made decorated cookies, but were quick to point out that the mixture is not for eating - they are just the kind - will last for years. The donators are Mary Davis, Holly Hume, Lisa Johnson, Charley Mapo, Linda Cusen, Kelli Wacker and Louise Boll.
This is a busy time of the year for one part of our police services that we perform for our community. We have a lot of people with their hands out for help. The police department runs a pro-
gram in cooperation with the Junction Ministerial Alliance. If a homeless person or a stranded motorist needs assis-
tance, the agencies refer them to us. If the officers es-
ter their story correctly, they are not wanted or are not an unregistered sex offender, they try to help them out with either a bus ticket to a nearby town, gas to get them down the road, a motel room if the weather is bad or maybe just a meal. The funds come from money donated by you to your church or designated for the Ministerial Alliance. The Christmas Cantata and the Lenten Luncheons are the two formal times when we ask for funds directly. The rest of the time, we rely on donations from the churches which help to support this program. We hear from only those people that are willing to ask the police for help and willing to have their record checked out. We know some people do not want to deal with us, and that is a problem for them. We do our best to follow the dictates of the safety of the church personal-
nya, and to screen out those who would scam the system. If you are in a position to write a check to the Ministerial Alliance, this is a good time of year to do so. Many people need to catch up on their charitable giving this time of the year, and we use the help right now. We come across a lot of people who try to get home without enough gas to reach their destination. Others have encountered vehicle prob-
tems. That may have eaten into their funds. Occasionally we will find some who have fallen victim to crimes and lost their possessions. One man brought a tank of gas and then was left on the side of the road by his side. Occasionally we will find someone moving across country for the promise of a job, whose funds for the trip have run out. We try to put ourselves in their shoes and wonder how we would deal with the problems they are dealing with. The homeless and the stranded motorists represent a tiny fraction of the needs the Ministerial Alliance deals with every month. Those people who live here in Kimble County who have needs deal with the ministers rather than the police officers. The min-
sters know their community and are charged with serving those in need while holding back enough funds to help the even more needy members of our community. They need the judgment of Solomon to deal with the responsibility of having the checkbook. It moves around so no one gets worn out by the burden. If you would like to help us, send a check to the Ministerial Alliance in the care of your preacher or leave it at the PD, and we will get it to them. Help us make life here in the Land of Living Waters a little better for those in need.

BY KRISTI HULL

"It's beginning to look a lot like Christmas, everywhere you go!" Even Kimble County Library is looking a lot like Christmas. You must come by the library to see the TREE. There was a great response to our request for homemade ornaments to be featured on this "special" Christmas tree. We are so grateful to Sam Casper, Betty Craig, Susan Curry, Marc' Dobbs, Dennis Lackey, Janene Lantz, Nettie Kohler, Bethany Martin, Cindy McCoy, Judy Ramsey, Kay Shulak and Rosanna Staff for furnishing the unique ornaments. There are mesquite beans, candles, and domino decorations, paper angels and shadow box cards, painted wooden creations, Symphonium cans, an antique doll and needlepoint ornaments to name a few. The tree is a site to behold. A person must sit down at the table which is next to the tree and take a few minutes to gaze over each ornament to take it all in. When you are through gog-
gling over the tree, visit the Junction Kranky Korner display case. Ann Lemon has graciously loaned a few pieces from her extensive collection of Santas to be exhibited. Each one is exquisite and unique.
